

Trimmer Bracket Installation Instructions

- 1 Fastening hardware is assembled at the factory but can loosen during shipping. Assemble any loose bolts, washers, and T-nuts as shown below (NOTE- INCORRECT ASSEMBLY WILL RESULT IN DAMAGE.)
- 2 Slide the trimmer bracket onto the post and tighten only snug until final adjustments are made. Slide the C-bracket onto the other post and tighten snug leaving it vertical for now.
- 3 When all Trimmer Brackets and other accessories are in place, and you have decided where to place each bracket, finish tightening the trimmer brackets.
- 4 To adjust the C-bracket, put your trimmer in the brackets, rotate the C-bracket just until the tube cannot come out then tighten in place.
- 5 Adjust the Grip Bracket by placing the trimmer in the bracket and pushing the block against the handle. When adjusted properly, the trimmer will not rotate or slide in the bracket.

WARNING!

Assemble all T-nuts with pilot to inside of post.

Step 4: C-Bracket Adjustment

Package Contents

Part List		
Qty	Description	Part No.
1	Trimmer Bracket	102115
1	PVC Cover-Brkt	102150
1	Bracket lid	102114
1	C-Bracket	102121
1	Spring, Bracket	102122
2	PVC Cover-C-Brkt	102149
